The Outstanding Faculty to Whom We Owe the Success of Our High School Years.

Freshman teachers, Sister Mary Maurice, Sister John Daniel, Sister Ruth Maria, Miss Nancy Quinn, and Mrs. Margaret Barton, capably start the Freshmen on the long road of four years at the end of which they will receive their passport to the future.

Sophomore teachers, Sister Maria Assumpta (Latin), Sister Elizabeth Michael (Algebra), Albert Sayles (U.S. History), confer on the subject of their Sophomore Class. Their irreplaceable contributions to St. Mary's deserve our highest commendation.

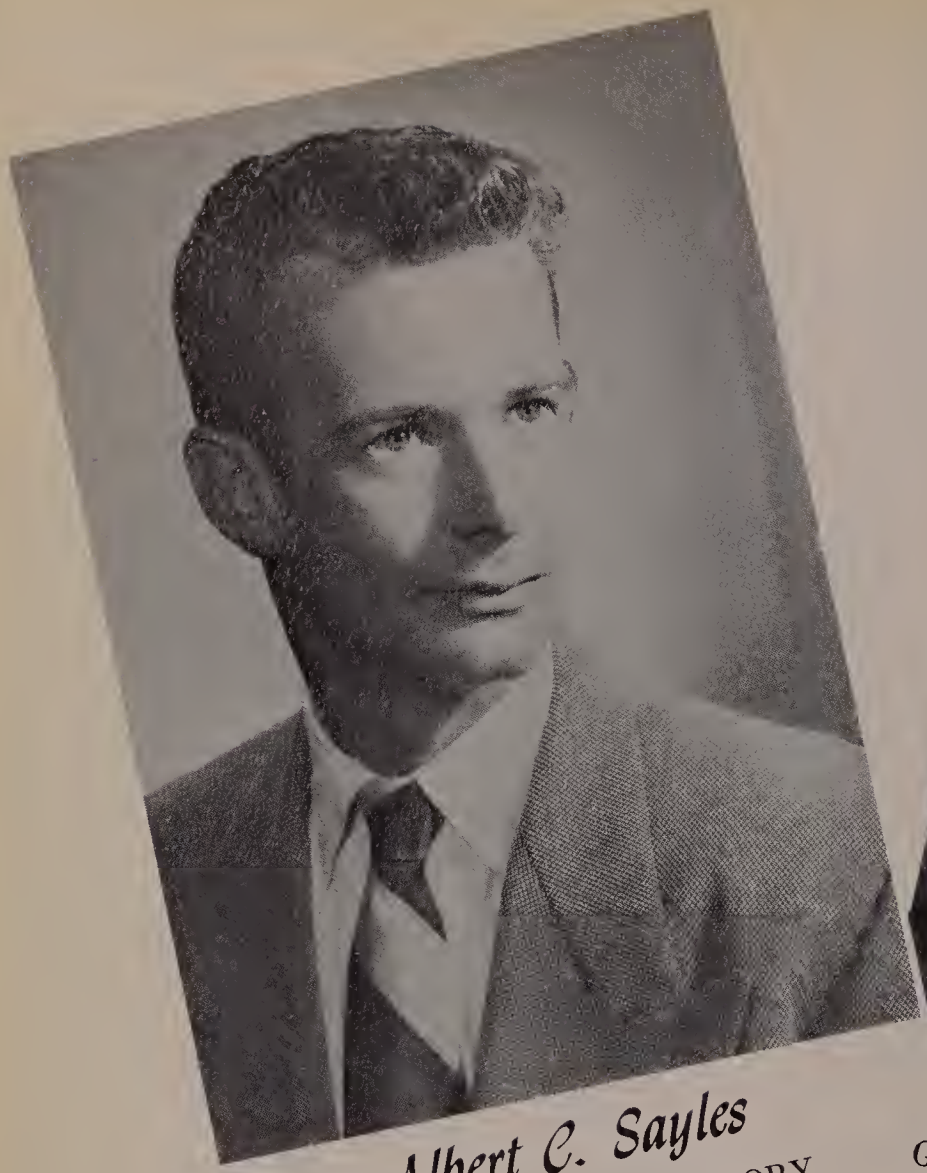

Junior teachers. Sister Cecelia Joseph (Biology, Spanish I) and Sister Thomas Francis (Modern and World History), make use of our splendid library. The class of 1958 will never forget their Junior year with these wonderful Sisters.

It is through our Principal, Sister Rose Concepta, Headmaster, Father Farnon, and Superior Sister Reparata that the wheels of progress keep turning to elevate St. Mary's to the highest standards possible in a high school.

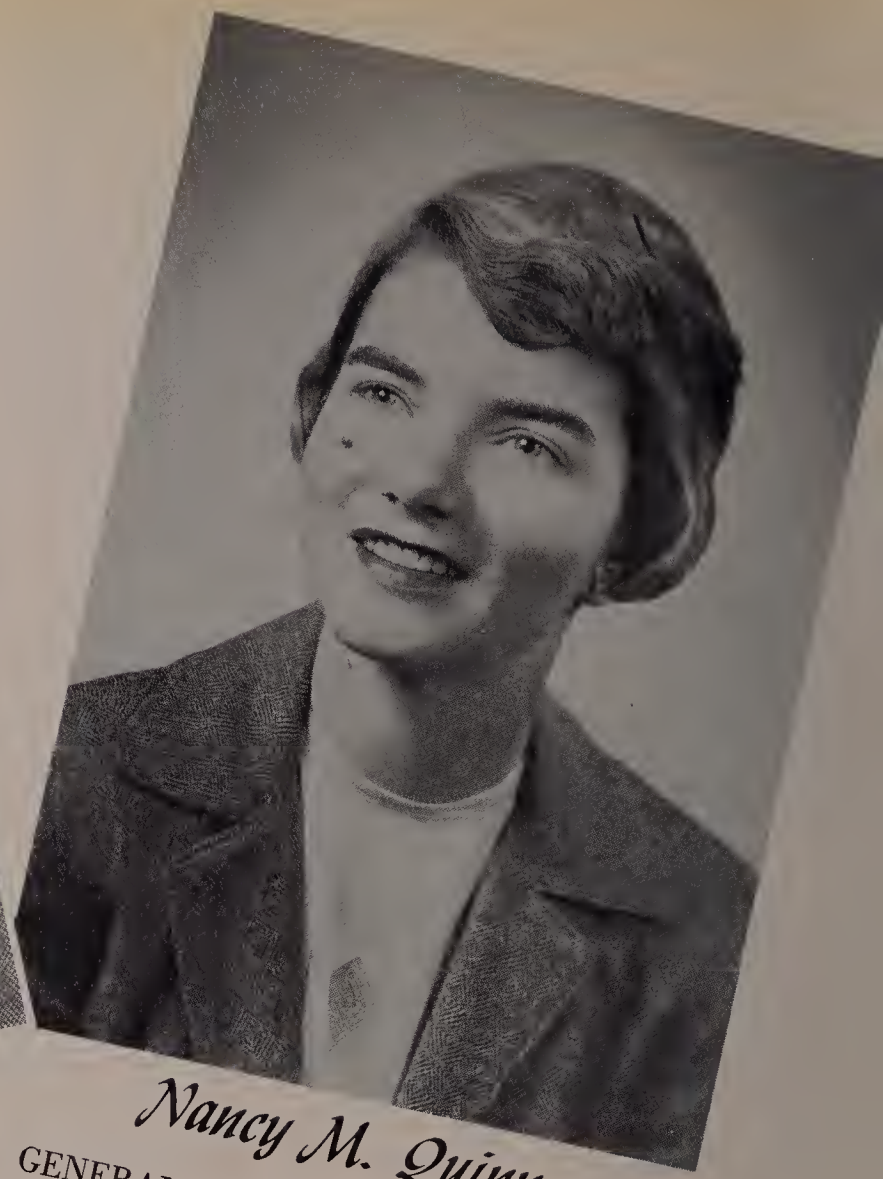

Looking through magazines in the library are Senior teachers Sister Joseph Ann (French, English 4) and Sister Helen Cecelia (Stenography, Religion). We, the class of 1958, pay the greatest tribute to them for their unfailing guidance.

Understudies

Freshmen

. . . We Le
Lie, and Seek

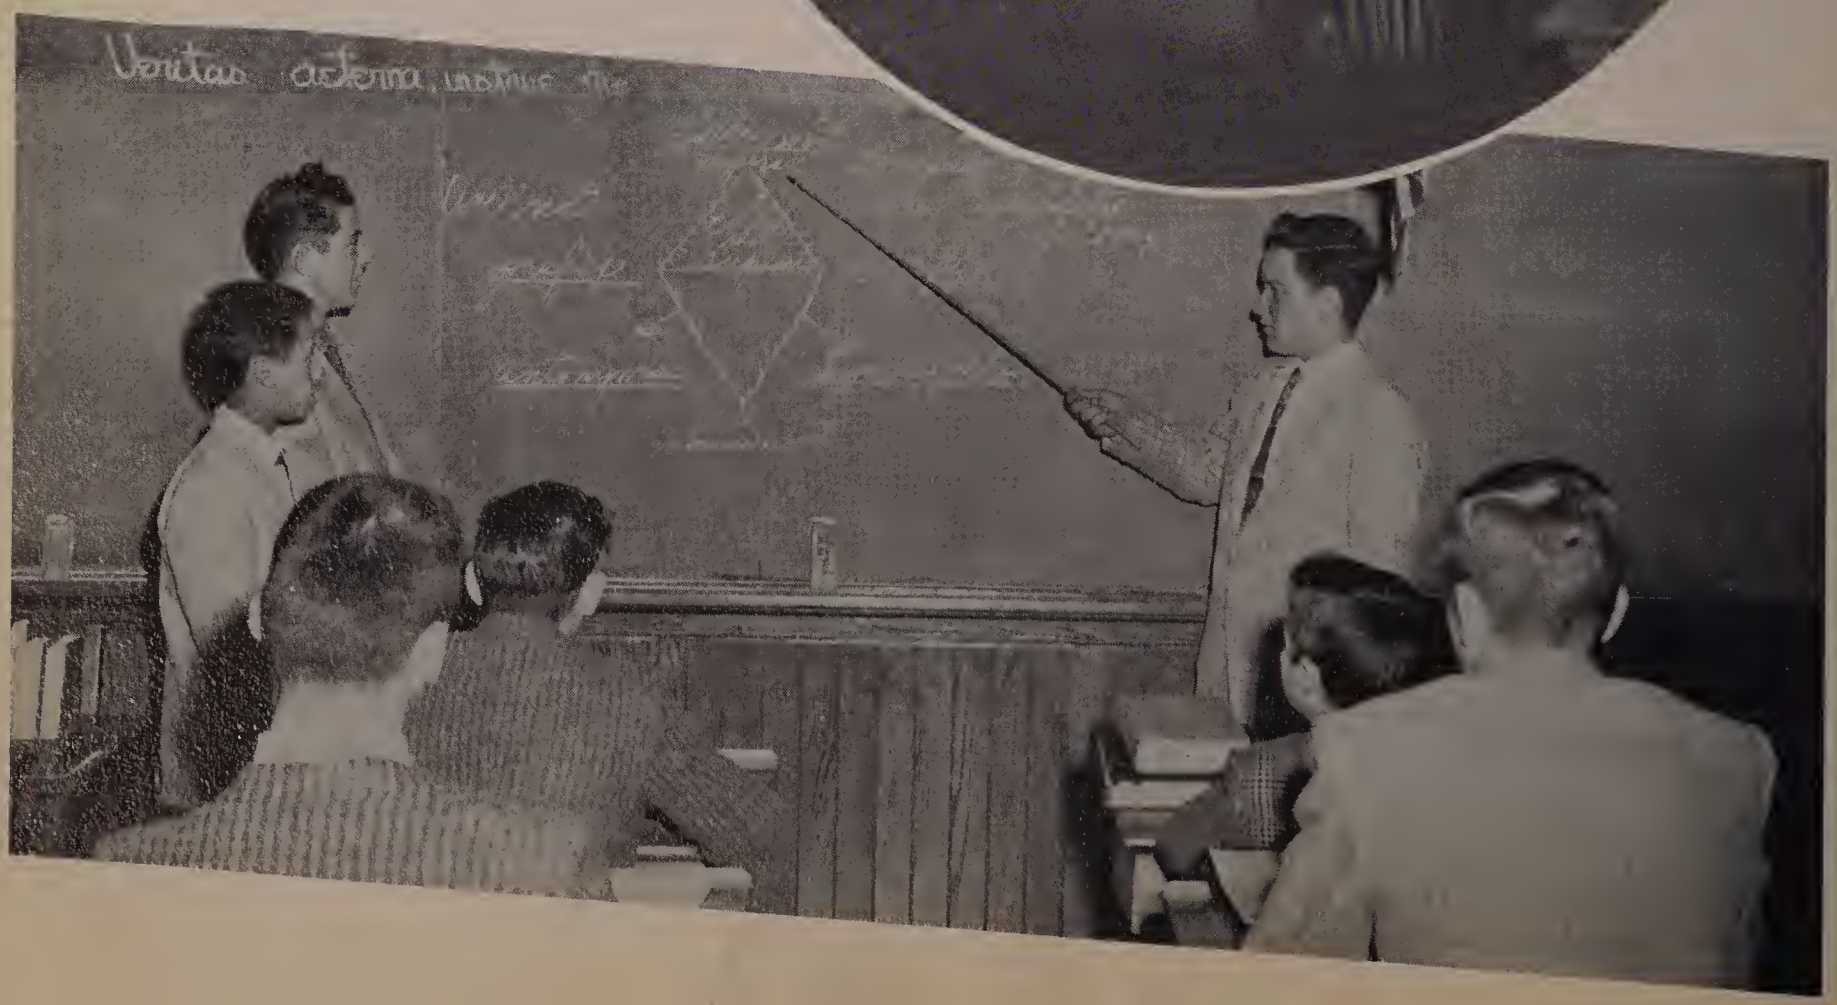

"Shall we go in?" asks President of Freshman class, J. Dalton, to Treasurer T. Davoren, Vice President T. Connors and Secretary M. Barnett.

The story of the Holy Family's "Flight into Egypt" is related by R. Tredeau to interested Freshmen, J. Usher, E. Sullivan and B. Morin.

Latin helps to build a strong English vocabulary D. Forget points out to Latin I students, P. Doherty and B. Riendeau, the derivation of "superare."

Familiar Things After New

Algebra I students enjoy a moment of relaxation before buckling down to work.

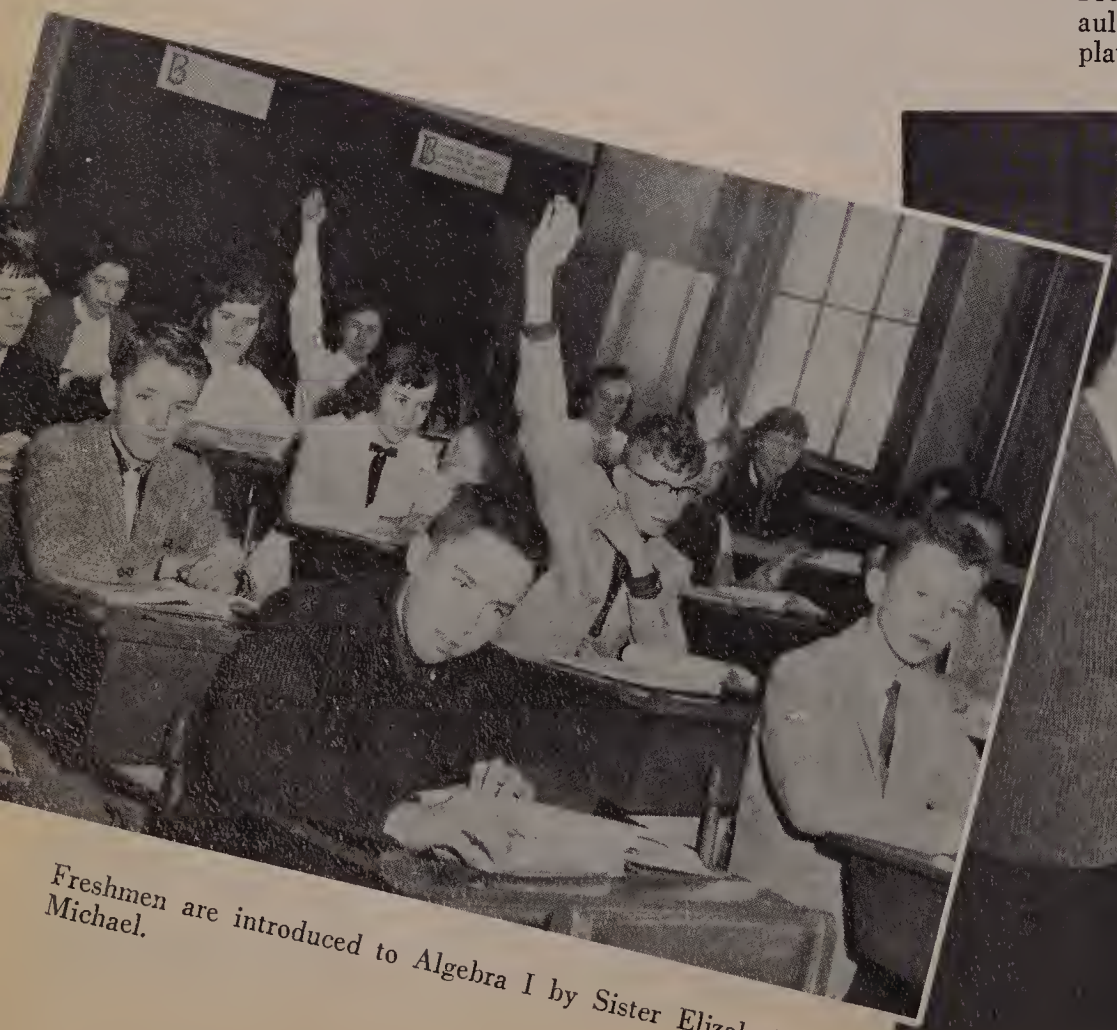

Freshmen are introduced formally to St. Mary's at the Freshman Initiation given by the Sophomores. Here, freshmen enjoy messy (?) fun.

"What's this?" Freshmen enjoy quips as Sophomore J. Varey nonchalantly conducts the pranks.

Freshman honor students—*Front row:* R. Tredeau, J. Dalton, H. G. Gagnon, P. Hogan. *Middle row:* F. Montenegrino, R. Lamsen, F. Volpe, V. Garibaldi, M. Fay, K. O'Grady. *Back row:* A. Davoren, M. O'Brien, E. Henault, B. French, J. Consoletti, E. Hansen, and S. Whelan.

Freshmen are introduced to Algebra I by Sister Elizabeth Michael.

Freshmen A. Batraverse, R. Foncault, E. Henault and B. Gleason hear their own voices played back by Mrs. Barton in Speech class.

Sophomores

Step by Ste

The critical Sophomore President, Harry Harney, examines the bulletin board designed by M. Noferi, Treasurer, A. Conlee, Vice President, and K. Boyer, Secretary.

Biology proves interesting to Sophomores, as K. Moore explains the process of photosynthesis.

The day's lesson in Religion II begins as A. Conlee reads a passage.

Ve Progress in Knowledge

The English language contains many actual Latin words which have not changed. M. Mucha demonstrates this to B. Lynch and the rest of the Latin II class.

"Et tu, Brute" . . . reenacting a scene from the drama "Julius Caesar."

Making use of a protractor, M. Wing explains the method of determining the degrees in an angle during a Geometry Class.

Walking proudly down the hall are Sophomore honor students: K. Moore, P. Biedrzyeki, A. Conlee, S. Dumont, D. Temple, J. Parnell, R. Smith, G. DiMardo, R. Noel, A. Romanazzi (hiding), R. McGinnis, K. Boyer, and M. Mucha.

A studious group of Business Arithmetic students work diligently at a problem.

Juniors

Junior Class officers G. Logan, Secretary; J. Rogers, President; J. Gelineau, Vice President; G. Meade, Treasurer, are in deep discussion of class activities.

The Junior religion class is profoundly interested in their religion course. Reading is P. Hourihan.

The library is a place often visited by English III students, for here, they know, lies an abundance of knowledge to be imbibed.

H. Tieuli points out "La Manche" on the French map to classmates G. Edwards, P. McAuliffe and N. Forget.

These Juniors find Chemistry a fascinating subject.

Keep up the good work! These Junior students have attained honor roll marks for the past three years. *Seated:* E. Bagg, M. Manguso, E. Connors, R. Mussulli, D. Coutu. *Second row:* C. Gavrillen, A. Koback, M. O'Grady, H. Kenney, M. Griffith. *Standing:* J. Rogers, J. McCeough, R. Tracy, and B. Ianzito.

Always smiling are these Junior C.Y.C. officers. *Left to right:* P. Doherty, G. Meade, R. Heron, and D. Sullivan.
